Name of Project

Business Mentoring Programme

Sub-Group

Enterprise Group

Project Leader

Peter Beech-Allen

Brief Description

The Business Mentoring Programme aims to provide business support, coaching and a transfer of skills from experienced mentors to business leaders.

Person Required (current role, past experience, personal qualities)

We're looking for business mentors in and around Swindon who have sound and proven business skills including finance, marketing, business planning and management experience (you may have run your own business or held a position of senior management in a larger organisation, you may be retired or still employed). You will be offering support and encouragement to Business Leaders of SMEs in the area. You will need to be good at listening and interpreting what they say and be able to offer guidance towards solutions, and have some knowledge/awareness of the business support available. In the end your contribution should enable the business leaders to make their own decisions, with confidence.

Duration of Project

Ongoing

To get involved, email economicdevelopment@swindon.gov.uk and say what qualities and experience you would you bring to this project
